Which Performance Packet Format Should You Choose?

CD - \$65.00

Old Faithful! After we receive your Performance Application and full payment, you'll receive a CD in the mail that contains all the files you need to successfully produce Beneath the Upper Room. All you need to do is insert the CD into your computer and you'll have access to all the scripts, lists, notes, etc. No passwords to worry about— but in order to protect Mr. Reese's copyrights, you will need to return the CD back to our office within 14 days of your final performance. If we don't receive the CD within 60 days, we'll assume it is lost and bill you \$150.00 for its replacement.

Download - \$50.00

NEW! No muss, no fuss— nothing to return! After we receive your Performance Application and full payment, we'll send you a download link where you can download all the files contained on our Performance Packet CD. Most of the files will be in Adobe PDF format (you can download their FREE Acrobat Reader from their website). The script files will be password-protected and will expire shortly after the date you list as your final performance date. After that date, the script files will be rendered useless. This is to ensure Mr. Reese's copyrights are protected as much as possible. If, in the future, you decide to again present Beneath the Upper Room, all you have to do is visit our website and order another Performance Packet. We'll send you the most up-to-date version of the Performance Packet.
